“Outstanding quality and service.

We are absolutely delighted with our new covers. Our suite looks like new and the process was so straightforward. Our consultant was excellent from start to finish giving close attention to every detail and spending time to make sure that the fit was perfect. Thanks you so much.”

Sally Wallace-Jones, January 2026

At Plumbs, we're experts in crafting exceptional tailor-made furniture covers and curtains, and in providing the very best standards of reupholstery. The craft and skill passed down over the decades is evident in every stitch, and transforms the feel of any home.

Nothing about our work is ordinary and we don't believe in off-the-shelf. Our master craftspeople, who uphold the traditions of generations before them, are in their element when creating furnishings unique to you.

Each tailored sofa cover, beautifully reupholstered piece of furniture, or pair of luxury curtains is bespoke to you; created with your style in mind and made to stand the test of time.

In fact, we're so confident in the quality of our work that we offer a 5-year guarantee on all made-to-measure covers, curtains and reupholstery.

Choose Aquaclean® fabrics for incredible stain resistance

Aquaclean® fabrics feature a revolutionary treatment that creates an invisible layer over every fibre, preventing dirt from penetrating the fabric.

Ideal for homes with pets and busy families, Aquaclean® allows you to remove most household stains – such as wine, ink, sauce, mud, chocolate, and cream – quickly and easily using only water. Plus, for additional peace of mind, Aquaclean® fabrics are enhanced with Safe Front® technology, offering protection against enveloped viruses and bacteria.

After the liquid or food has been spilt, gently remove any excess. Apply water by either pouring a small amount onto a clean cloth or directly onto the stain. Wait a few seconds. Gently rub the affected area with the cloth in a circular motion. Repeat as necessary until the mark has completely gone.

craftsmanship

How we reupholster your furniture

- 1 We carefully strip your furniture back to its frame, tightening any loose frame joints and replacing springs where needed.
- 2 New seat cushions are created so you'll always be sitting comfortably. Our craftspeople draw on decades of experience to produce a finished product that perfectly balances style, comfort and quality.
- 3 Using the Plumbs fabric of your choice, your furniture is meticulously reupholstered.
- 4 We put craft into every detail, ensuring that all original features are maintained.

Loved it before? Love it again!

Bespoke reupholstery made easy.

Reimagine and restore

Did you know that in the UK we throw away over 340,000 tonnes of furniture each year? As the UK's leading reupholstery specialists we believe in giving your furniture a second chance. The art of reupholstery goes beyond giving your furniture a new look, it also helps preserve memories, support British craftsmanship and breathe new life into pieces that make your house a home.

Revive your comfort with new cushion infills.

Cushions lose their shape over time, leaving seats saggy, less comfy, and not quite as lovely as they used to be.

Fortunately, with a little help from our team, there's no need to say goodbye to your favourite furniture when cushions begin to lose their comfort.

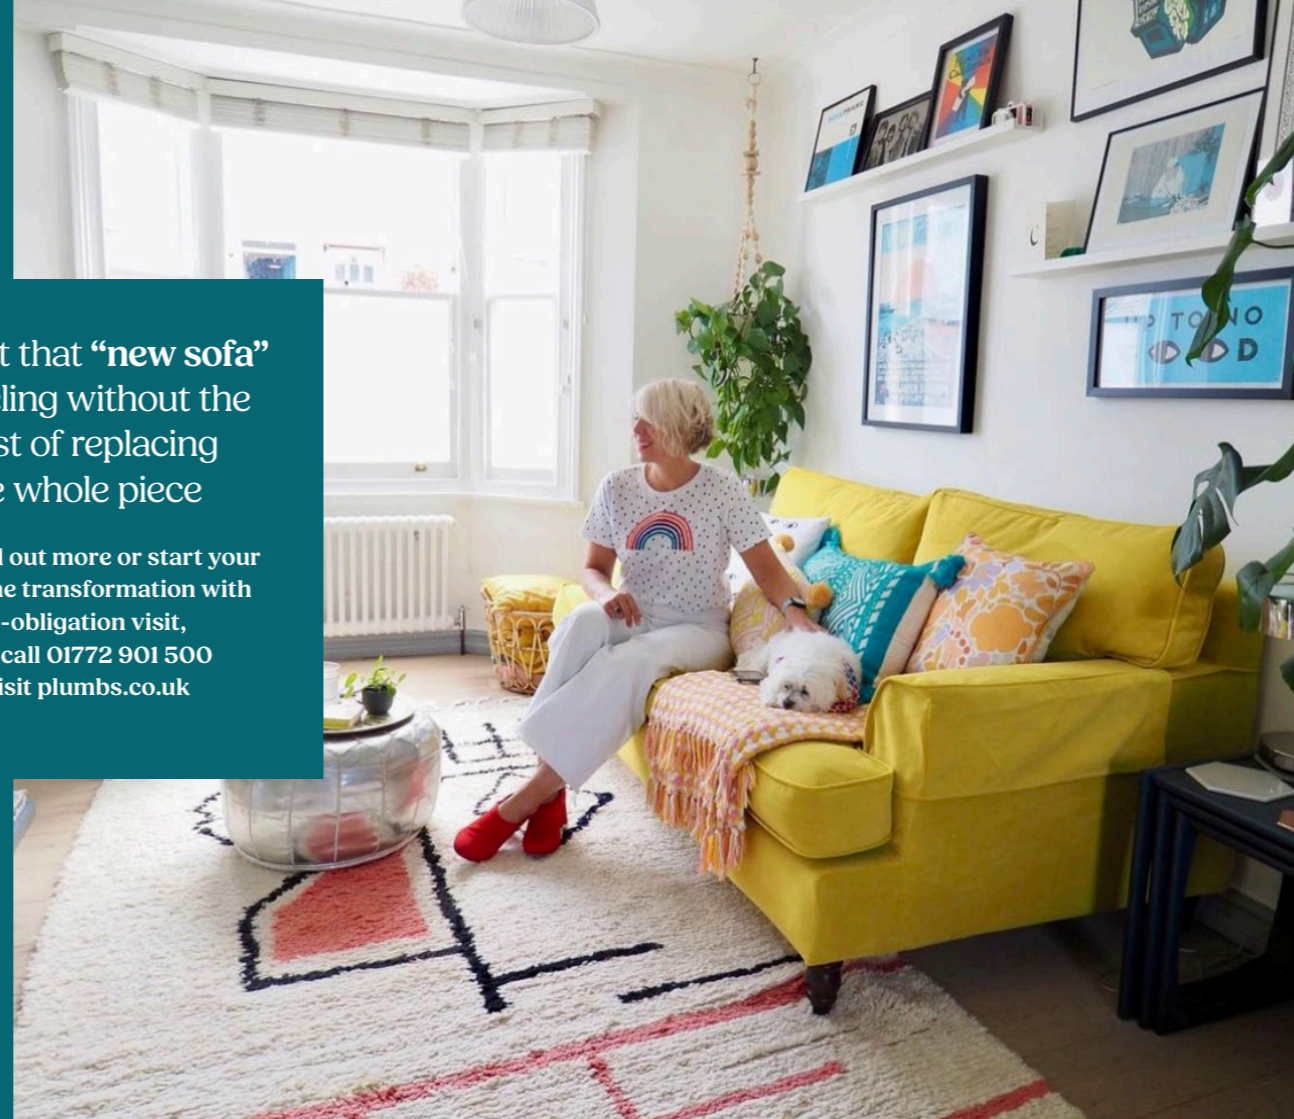

At Plumbs, we offer a wide selection of made-to-measure cushion infill upgrades that will bring back the comfort, support and style you love without the cost of buying new.

Elegant door curtains

Transform your doorways with our stylish door curtains. Ideal for keeping draughts out and the warmth in, they add a touch of sophistication while serving a practical purpose.

Save energy with our innovative curtain linings

Discover the transformative power of our linings, the unsung heroes of curtain efficiency. At the forefront is our revolutionary Energy Reflective Lining, a first-of-its-kind ‘hybrid’ solution. This patented lining combines

energy reflection with fantastic blackout performance. Feel the difference in winter as it reflects warmth back into your room, forming a snug barrier against the cold outside. In contrast, during the summer, it reflects heat away to maintain a cool

and comfortable indoor space. When compared with standard cotton-lined curtains, our Energy Reflective lined curtains reduce heat transmission by up to 5 times, marking a significant leap in thermal efficiency.
